Amazon.fr - Bots: The Origin of New Species - Leonard ...

We approached Andrew Leonard's "Bots" The Origin of New Species" with trepidation. We dogs have a lot of trouble with scientific and technical matters. As Gary Larson noted in "The Far Side", the greatest dog scientists in the world have yet to unravel the mysterious workings of the doorknob. Before we read "Bots", the only computer or internet book we had been able to understand was "Dave Barry in Cyberspace". We were relieved to discover that Andrew Leonard is one of those rare ...
