Drugs And Politics

[Drugs And Politics](#)

Drugs And Politics

Drug issues are highly political. The drugs trade is the second most lucrative industry in the world, following the arms trade but preceding oil (Criminology Australia,1995, p. 14). Drugs and the drug trade have both historically and in recent times been used as a justification by world powers for military intervention, and multinational companies relentlessly market tobacco and obsolete prescription medications to 'Third World' countries. The more one looks at issues of drugs, the more ...

Illegal drug classifications are based on politics not ...

"This collection examines the ambiguous relationship between the politically mute, average drug user and the small number, socially distant from the common user, who started the work of undermining official definitions of drug use. The drug users' identification with the issues of power, freedom, oppression, and libertarianism, triggered by the experience of police and penal regulations, is discussed, as is the influence of the growth in the collective competence of users and the changes in ...

Drugs and Politics. (eBook, 2017) [WorldCat.org]

With a rare depth and width of archival research and discourse analysis, Ghiabi brings us a unique combination of exquisite storytelling, inter-disciplinary inquiry, and ethnographic possibilities. Situated in a global perspective, Drugs Politics offers a fresh alternative to exceptionalist and oft-essentializing trends in studying Iran. A tremendous achievement toward a much needed holistic understanding of policy, Iran, and life itself.'

Regardless of political party, women were more likely to favor stricter drug policies

than men. According to the Substance Abuse and Mental Health Services Administration (SAMHSA), the rate of substance abuse or dependence is greater for men (10.7 percent) than women (5.7 percent) which may explain why men are more inclined to support more lenient drug policies than women.
