Encapsulated and Powdered Foods (Food Science And ...

Different types of processing techniques are mentioned in Encapsulated and Powdered Foods. Rotary drum processing being the most popular is discussed in detail. Apart from emphasis on powdered food, encapsulation is also elaborated. The different types of food coatings make the food attractive. These coatings and encapsulations may be in form of dry coating or Fluid-bed coating. Separate chapters are present in the book for analysis of both types. Powdered foods are a unique food item. They ...
