### **Hindu Science Of Architecture Engineering**

Science and Engineering of The Architecture of Hindu Temples. We see some complex architecture and designs of Temples but seldom think how they were even possible to be built? Mostly, the answer is Vastu Shastra. The architecture of Hindu Temples is basically based on the Vastu Shastra. Vastu Shastra is the texts that contain the information about design, layout, measurements, ground preparation, geometry and space arrangements. It provides the procedural rules and directions for the design ...

### **The History and Science Behind The Architecture of Hindu ...**

The science of architecture and civil construction is known as Sthapatya-Shastra. The word Sthapatya is derived from the root word Sthapana i.e. 'to establish'. The technique of architecture is both a science and an art, hence it is also known as Sthapatya-kala, the word Kala means an art.

### **(PDF) Building Science of Indian Temple Architecture**

Hindu architecture is a traditional Hindu system of temple architecture, monasteries, mausoleums and other architectural religious buildings of Hinduism. The science of Hindu architecture in India is described in Hindu texts — Vastu shastra, and Shilpa Shastras deal with forming statues, icons, stone murals, painting and others. By far the most important, characteristic and numerous examples of Hindu architecture are Hindu temples, with an architectural tradition that has left ...
