### Amazon.fr - The Legend of the Cranberry: A Paleo-Indian ...

This is a prehistoric Indian legend telling how the Great Spirit gave the people the cranberry. It was a remembrance of the battle where the people killed the mammoths and mastodons. Even though the author cites a reference for the retelling of this legend, this is a most unsatisfying story and disjointed.

### The Legend of the Cranberry: A Paleo-Indian Tale

Drawing on the folktales of the early Delaware Indians, Greene refurbishes a legend that unites two unlikely subjects: mastodons and cranberries. In a deliberately paced, detail-rich style like that of an oral storyteller, Greene describes the Yah-qua-weethe, the prehistoric, elephant-like inhabitants of North America, and their helpfulness to the earliest people there. Suddenly (and in Greene's retelling, inexplicably), the Yah-qua-weethe turn violently against the humans. Acting on ...

### The legend of the cranberry (1993 edition) | Open Library

Who is Cranberry? "Cranberry" is a pseudonym for an emissary who works for a secret society - the organization that truly rules Bricktown. He speaks in a calm and cold tone - like a sharp blade laced with poison - ready to strike. Conniving and cruel he will resort to violence if only to make a point.

### The Legend of the Cranberry: A Paleo-Indian Tale: Greene ...

The name, cranberry, derives from the German, kraanbere (English translation, craneberry), first named as cranberry in English by the missionary John Eliot in 1647. Around 1694, German and Dutch colonists in New England used the word, cranberry, to represent the expanding flower, stem, calyx, and petals resembling the neck, head, and bill of a crane. The traditional English name for the plant more common in Europe, Vaccinium oxycoccos, fenberry, originated from plants with small red berries ...
