The Moche culture, which flourished on the north coast of Peru between 100 and 800 BCE, has been known to art historians and archaeologists for over a century. Only recently, however, with the discovery of the fabulous Royal Tombs of Sipan, have the Moche become as well known to the public as the Inca, who appeared several centuries later. This book traces the fine line painting tradition from the beginning to the end of the Moche culture. Although the Moche had no writing system, they left a ...

Only recently, however, with the discovery of the fabulous Royal Tombs of Sipan, have the Moche become as well known to the public as the Inca, who appeared several centuries later. This book traces the fine line painting tradition from the beginning to the end of the Moche culture. Although the Moche had no writing system, they left a vivid artistic record of their beliefs and activities in beautifully modeled and painted ceramics. Because of their complexity and wide range of ...

Anthropologists once believed the paintings illustrated every aspect of ancient Moche life, but in fact the highly stylized scenes are drawn from a restricted field of religious ritual and myth. The authors apply several techniques of analysis, first used to determine the identities of the creators of ancient Greek ceramics, in order to distinguish the individual Moche artists who made the fine line paintings.

This is a sumptuously beautiful and extraordinary book by two major authorities on the civilization of the Moche Indians, who lived on the north coast of Peru for much of the first millennium AD. It depicts hundreds of monochrome drawings made on the rounded surfaces of ceramics created by Moche potters as gifts or tributes to the dead.
