Hirshberg, Matthew (1993a). Perpetuating Patriotic Perceptions: The Cognitive Function of the Cold War.

Consistency and change in American perceptions of China ...

Public perceptions of a nation's international involvements are guided by those patriotic stereotypes and serve to reify and perpetuate the stereotypes upon which they are based. The perpetuation of a positive national self-image helps to maintain political order, public acquiescence and policy support. Two experiments demonstrate cognitive effects of the stereotyped American self-image on ...

The Self-Perpetuating National Self-Image: Cognitive ...

Citizens tend to hold positive, stereotyped conceptions of their own nations. Public perceptions of a nation's international involvements are guided by those patriotic stereotypes and serve to reify and perpetuate the stereotypes upon which they are based.

loss of China1949

- Wikipedia

Behavioral interventions based on the existing models of perpetuating factors are quite successful in reducing fatigue and disabilities. The evidence is reviewed that cognitive processes, particularly those that determine the perception of fatigue and its effect on behavior, play a central role in the maintenance of symptoms. METHOD: Narrative review. RESULTS: Findings from treatment studies ...

The central role of cognitive processes in the ...

Background. During World War II, Franklin D. Roosevelt had assumed that China, under Chiang Kai-shek's leadership, would become a great power after the war, along with the U.S., the United Kingdom, and the Soviet Union. John Paton Davies Jr., was among the "China Hands" who were blamed for the loss of China. However, while they predicted a Communist victory, they did not advocate one.

Loss of China - Wikipedia

Matthew S. Hirshberg | Semantic Scholar

The therapeutic relationship in Cognitive Behavioural Therapy (CBT) has been argued to play an essential role in positive outcomes in therapy. However, it is described as necessary and yet, secondary to technique, often receiving little attention in the training of CBT therapists. This case study explores a trainee psychologist's experience of finding difficulty in feeling authentic and the ...
