Psionics 101 was intended to correct that, and was successful in its own way, but I learned that some of my readers, much as they were interested, entertained and some even terrified by that work, (which amazes me considering how harmless in comparison to my later writings it was) were still intimidated by the construction of the devices. This book was, and is, intended to solve that problem ...

Psionics is a branch of occult science that espouses the control of etheric energies through modern implements. The past witnessed how yogis, martial artists, warlocks and faith healers entered into altered states in order to command great energies for various purposes. As we are aware, the uses of these energies are countless. Yogis activate the "kundalini" energy to awaken a profound ...

### **Expanded Psionics Handbook**

Psionics is a source of power that originates from within a creature's mind, allowing it to augment its physical abilities and affect the minds of others. Psionic abilities are called psionic disciplines, since each one consists of rigid mental exercises needed to place a creature in the correct mindset to wield psionic power. A discipline offers a

number of abilities, but some of them ...

psionics system, just to create a clean and open version for the old school renaissance. It should be kept in mind that the old psionic abilities were not astounding sources of power. It includes such abilities as the power to concentrate really hard for 10 rounds, at the end of which you start doing one point damage. The abilities are more about growth and the personality of the character ...

The word "psionics" began as, and always remained, a term of art within the science fiction community and — despite the promotional efforts of editor John W. Campbell, Jr — it never achieved general currency, even among academic parapsychologists. In the years after the term was coined in 1951, it became increasingly evident that no scientific evidence supports the existence of "psionic ...
