### **The Art of Scalability: Scalable Web Architecture ...**

The Art of Scalability is an excellent book, written by some guys that know A LOT about scaling technology and organizations. These were the guys that scaled the infrastructure at eBay to support massive growth in the late 90s through the mid 2000s. The book focuses on people, process, and technology - ALL of which are critical to building a scalable company. Some folks write books purely focused on the technical aspect of scaling a business, which I think misses most of the picture. Yes ...
