The medieval apogee of the metaphor was attained in *Livre du corps de policie* (c. 1407; *The Book of the Body Politic*), by the French poet and author Christine de Pisan, the first female professional writer of France. She analyzed the state into three parts (ruler, nobles, and commoners) that cooperated, like a well-functioning body, for the benefit of the whole.

The body politic is a medieval metaphor that likens a nation to a corporation which had serious historical repercussions throughout recent history and therefore giving the Crown - "as a legal entity today the Crown as executive is regarded as a corporation sole or aggregate" - a corporate entity. Maitland argues that the Crown is a convenient cover for ignorance and traces the legal term Crown as corporation sole originally from the 16th century and argues that it was both a ...

essay seeks to examine metaphors of the body politic from a cross-cultural perspective; we shall compare medical metaphors in late medieval European and Tokugawa Japanese political writings. Medical metaphors were increasingly widespread in the political writings of Tokugawa Japan (1602-1867). Such a comparison will illustrate the diversity and difference in the use of medical imageries across ...

The body politic may be likened to the human organism. As long as the various members and parts of that organism are coordinated and cooperating in harmony, we have as a result the expression of life in its fullest degree. When these members lack coordination and harmony, we have the reverse, which in the human organism is disease, dissolution, death. Similarly, in the body politic of humanity ...
