More about app icon assets. Visual Studio will generate all the app icon assets required by your project, but if you'd like to customize them, it helps to understand how they're different from other app assets. The app icon asset appears in a lot of places: the Windows taskbar, the task view, ALT+TAB, and the lower-right corner of Start tiles. Because the app icon asset appears in so many places, it has some additional sizing and plating options the other assets don't have: "target-size ...
