New Genesis is a fictional planet appearing in American comic books published by DC Comics. The planet is in a parallel dimension adjacent to the main DC Universe. This planet, along with Apokolips, is speculated to be near the constellation Orion. It is the home-planet of the New Gods from Jack Kirby's Fourth World comic book series. Since the planet exists in a parallel dimension, extant in ...

The Ology is a beautifully illustrated storybook that clearly explains transformative truths from the Bible. Within a traditional systematic theological framework, each truth is connected to the larger redemptive story of Scripture. The doctrine of God, for example, is presented in the larger framework of creation, where the attributes of God are on display and easier to understand. The addition of Bible references that support the truths in each spread and questions for further discussion ...

Nouvelle théologie is a school of thought in Catholic theology that arose in the mid-20th century, most notably among certain circles of French and German theologians. The shared objective of these theologians was a fundamental reform of the dominance of Catholic theology by neo-scholasticism, which had resulted in the dominance of teaching by scholastically influenced manuals, criticism of modernism by the church and a defensive stance towards non-Catholic faiths. The influence ...
