Home » Subconscious Mind » Your Brain the Super-Computer. Your brain is the most sophisticated super-computer in existence. Want proof? How about the fact that it learned to speak your native language between the ages of 3 and 5 years old without any formal education? How many computers do you know who can do that? Oh yeah, you can't really "know" a computer, can you? We are learning ...

Your Brain the Super-Computer | Serenity Creations Online

The Master Brain was the master computer of the Land of Fiction. It was connected to the Master of the Land by a cable running from a hat or their skull and was used to run the Land. The Master Brain appeared as a futuristic globe filled with webbing that slowly rotated above the Master. It was able to alter a person's imagination, removing it altogether, and was capable of altering perceptions of reality within the Land.
